**G**                    **D**                    **Em**  
I close my eyes and I can see  
                                 **C**                    **G**  
The world that's waiting up for me  
                                 **D**                    **C**  
That I call my own  
**G**                    **D**                    **Em**  
Through the dark, through the door  
                                 **C**                    **G**  
Through where no one's been before  
                                 **D**                    **C**  
But it feels like home

**D**    **Em**    **C**  
They can say, they can say it all sounds crazy  
**D**    **Em**    **C**  
They can say, they can say I've lost my mind  
**D**    **Em**    **C**  
I don't care, I don't care, so call me crazy  
**D**    **Em**    **C**  
We can live in a world that we design

**G///**  
'Cause every night I lie in bed  
**D///**  
The brightest colours fill my head  
**Am///**    **C///**  
A million dreams are keeping me awake  
**G///**  
I think of what the world could be  
**D///**  
A vision of the one I see  
**Am///**    **C///**  
A million dreams is all it's gonna take  
**Am///**    **C///**  
A million dreams for the world we're gonna make

There's a house we can build  
Every room inside is filled  
With things from far away  
The special things I compile  
Each one there to make you smile  
On a rainy day

### Pre-Chorus:

They can say, they can say it all sounds crazy  
They can say, they can say I've lost my mind  
I don't care, I don't care, so call me crazy  
We can live in a world that we design
